OUR MISSION

At CMRF Inc., we dedicate each day to improving the health and well-being of children and their families affected by childhood illness and disease.

Since 1979, CMRF Inc. has been the US affiliate of Children’s Health Foundation in Ireland. Both non-profit organizations work together to support pediatric research in Children’s Health Ireland hospitals. Over decades in the United States, we have partnered with philanthropic Americans to change the face of healthcare for children in Ireland and across the globe.

Together, we have raised more than \$10 million to support world-leading scientists in Ireland who are dedicated to improving the lives of sick children, not only in Ireland but having a global impact. Because of generous individuals like you, we can better understand some of the most serious illnesses facing children today, so they can be diagnosed quickly and treated with kinder and more efficient methods.
